 **Experienced Tutor | Peking University | MSc in Physics**

I have an MSc in Physics from Peking University and a BSc in Physics from Tsinghua University. With a decade of tutoring experience, I specialise in IB Physics, A-Level, and IGCSE. My approach focuses on helping students grasp core physics concepts, ensuring they perform well across different curriculums.

## Qualifications

**Peking University:** MSc in Physics (2012-2014)

**Tsinghua University:** BSc in Physics (2008-2012)

**Vetted Tutor** 

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

For the past decade, I've worked with students across multiple international curriculums, including IB and A-Level. My experience spans teaching both HL and SL Physics, ensuring students master complex topics like mechanics, electricity, and thermodynamics, leading to excellent results in their exams.

In addition to school-level tutoring, I've supported students in preparing for university entrance exams and advanced physics topics. My hands-on approach allows students to understand the real-world applications of physics, which boosts their academic performance and long-term success.
