🎓 Experienced Tutor | University of Amsterdam | MSc in Chemistry

With 13 years of experience and degrees from the University of Amsterdam (MSc Chemistry) and Utrecht University (BSc Biochemistry), I specialise in IB, A-Level, and IGCSE Chemistry. I am dedicated to ensuring my students succeed in both theory and practicals, achieving top marks in their exams.

Teaches:

IB Chemistry

A-Level Chemistry

IGCSE Chemistry

GCSE Chemistry

AP Chemistry

Curriculum:

IB

A-Level

GCSE

IGCSE

AP

Qualifications

University of Amsterdam: MSc in Chemistry (2010–2012)

Utrecht University: BSc in Biochemistry (2006–2010)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

With over 13 years of experience, I have guided students through IB Chemistry and A-Level Chemistry with a focus on building strong foundations in organic, inorganic, and physical chemistry. My teaching experience extends to students from various international curriculums, ensuring they gain both theoretical knowledge and practical skills necessary for success.

Throughout my tutoring career, I have worked with students from the Netherlands, the UK, and beyond, adapting my lessons to meet each student's individual needs. I also assist students preparing for IGCSE and AP Chemistry exams, offering support with difficult topics and advanced problem-solving techniques.

In addition to my teaching role, I have mentored students with their Extended Essays and other research projects, helping them develop critical thinking and analytical skills. Many of my students have gone on to study chemistry at leading universities, thanks to the support and guidance provided during their studies.
