Ghent University: BSc in Electronics (2005–2009)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I have over 10 years of tutoring experience, guiding students through the complexities of the IB Extended Essay and A-Level coursework. I've worked closely with students to help them structure their research, manage deadlines, and critically analyse their subjects to produce high-quality essays that meet IB standards.

I also have significant experience supporting students in other curriculums such as IGCSE and AP, helping them improve their research and analytical skills. Many of my students have received distinctions in their essays and projects, showcasing their academic growth and preparedness for university-level work.

Beyond essay support, I've helped students excel in coursework for various subjects, including science and mathematics. My focus is on providing tailored feedback and guidance, ensuring students develop the necessary skills to succeed in their academic pursuits.
