🎓 Experienced Tutor | University of Bologna | MSc in Chemistry

Holding an MSc in Chemistry from the University of Bologna and a BSc in Chemical Engineering from the University of Milan, I bring 17 years of tutoring experience. I specialise in IB and A-Level Chemistry, helping students master difficult concepts and consistently score top marks.

Teaches:

IB Chemistry

A-Level Chemistry

IGCSE Chemistry

GCSE Chemistry

AP Chemistry

Curriculum:

IB

A-Level

GCSE

IGCSE

AP

Qualifications

University of Bologna: MSc in Chemistry (2003–2005)

University of Milan: BSc in Chemical Engineering
(1999–2003)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I've had the pleasure of teaching chemistry for over 17 years, guiding students through the intricacies of topics such as organic chemistry, thermodynamics, and chemical kinetics. My experience spans across multiple curriculums, including IB and A-Level, where I've helped students achieve exceptional scores and university placements.

During my career, I've also worked with students preparing for AP Chemistry and IGCSE exams, ensuring they develop a solid foundation in core principles. Many of my students have gone on to pursue advanced degrees in chemistry, inspired by their success in these rigorous programs.

In addition to one-on-one tutoring, I have also led group sessions and workshops to support students in overcoming common challenges in chemistry. My approach is results-driven, focusing on reinforcing theoretical knowledge while preparing students for exams and university-level studies.
